## AC AND DIESEL SERVICES SHOOTING GOALS!

The Port Hedland Netball Association (PHNA) has been a part of the Port Hedland community for many decades and celebrates its 50th Anniversary this year. Their aim is to continually grow participation in netball and provide the highest standard of competition possible for its members. With approximately 400 members from the age of five upwards, netball is the largest participation sport in Port Hedland.

It was a warm Tuesday afternoon on the 29th March, when the team from AC and Diesel Service's Port Site Infrastructure, arrived at the Faye Gladstone Netball Pavilion with trucks and equipment to help spruce up the courts for the start of the PHNA Season 2022.

The team of 8 who volunteered their valuable time to assist the Association were welcomed by player and PHNA representative AJ, who provided an overview of the Association, its history in the community, and the tasks they would be undertaking.

*Leading, advancing and celebrating volunteering.*

It was all hands in to start the game from there, with one group grabbing rakes and shovels filling 3 bulker bags of leaves, stones, and rubbish from the fencing around the courts. A second group started the same process 6 courts further down working their way back towards each other.

Another crew organised tools and equipment to remove old court signage and replace them with new ones. While the big truck was brought into to remove large shelving units and relocate them to another community organisation for their use.

Rehydration was important in the conditions and the volunteers were conscious to keep up their fluids whilst carrying out their tasks. The afternoon ended with a team of 4 blowers on full throttle removing small rocks and leaves off the courts ready for the first round of junior games which commenced that evening.

All tasks assigned completed, the crew packed up and enjoyed a well-earned cooldown and savoured the fruit platter. With much appreciation and words of thanks expressed from the Port Hedland Netball Association for the great effort they had put in and the amount of work they had achieved.

It was a job well done in good spirits on a warm day thank you everyone for your support of the community in Port Hedland you can be proud of the contribution your team has made through your team volunteering day, hope you enjoyed the experience.
