

## Team Highlights

"Making the school tidy for the kids"

"Seeing the early learning centre yard after the clean-up"

"Working in the community"

"Getting to know each other and of course, the result of an improved garden"

"The kids loving having us there"

"The end result"

## BHP AT CASSIA PRIMARY SCHOOL

Cassia Primary School in South Hedland is situated on Kariyarra land in the Pilbara Region. The school fosters a love of learning through our motto of Inspire, Believe, Achieve that will see children thrive in a challenging and complex world, and encourage them to harness their individual strengths and address their areas of need. Since opening its doors in 1981, Cassia Primary School has developed an enviable reputation within the local Hedland community for providing a safe, welcoming & nurturing educational environment.

The weather was perfect for day out volunteering in the community of Port Hedland when nine members from the Port Engineering Leadership Team attended Cassia Primary School on 24th August to assist with their garden and maintenance jobs. They provided much appreciated volunteer workforce to not only do a complete maintenance and tidy of the school vegetable garden and interactive learning area but also assist the Cassia Early Learning Centre with yard busy bee.

After a warm welcome from their host, the team broke into groups collecting equipment and various garden tools required to complete the tasks assigned for the day.

# BHP

## BHP AT CASSIA PRIMARY SCHOOL

One group tended to the onerous task of weeding the stubborn heavy overgrowth in the 8 garden beds located the vegetable garden area, surprised by the effort required to remove the pesky weeds. Another crew worked to weed, trim and cleanup the landscaped paths, trimming branches and clearing the way for students walk without hinderance. The team kept well hydrated and were happy for the breaks under the shady trees, before returning to their tasks. They recommenced mowing the lawn, whipper snipping and weeding the whole yard in the Early Learning Centre, before moving to the grassed areas outside the classes.

Watched on by students and staff, the team worked tirelessly through the day and were rewarded with a well-earned lunch before the finishing the jobs for the day. The bell rang to signal the end of the day for students and the team.

Thanks to all for a great job, the Cassia Primary school staff could not have been happier with the results:

"We are so appreciative of the assistance form the team, the work they completed in one day has been of huge benefit to the school" - Cassia Primary School Staff

Fantastic effort team, your contribution has been of great support to the community of Port Hedland we hope you enjoyed your team volunteering day.
