## DELICIOUS DESSERTS!

Every year, up to four million people in Australia - 18% of the population - regularly experience food insecurities. All year round, Foodbank works hard to change this and alleviate hunger throughout Australia. Working in partnership with BHP, the not-for-profit organisation provides more than 70% of the food for relief organisations nation-wide: a massive and very important contribution which actively ensures people and families don't go hungry.

On Friday 20 August, five volunteers from BHP's Reporting and Cost Control Team spent their day volunteering within the Foodbank Warehouse. After an introduction, the team made their way to the cooler room, where they were tasked with packing dessert bags that would be sold within the Foodbank agency. After rugging up in jackets and gloves, the team formed a production line and got to work. With music playing, the team packed bags of hot cross buns, muffins, sponge cakes, vanilla slices and hot cakes! As the day wrapped up, the team had made 385 packs - which is an awesome achievement.

It was a fun and productive day, with the team also enjoying a presentation by the Food Sensations Team on their work up on the Pilbara - which is an initiative funded by BHP. The team did an incredible job for Foodbank. They helped power the fight against hunger in Australia. Well done to this BHP Team!
