Team Highlights

"Being able to help the community"

"Getting to help the community"

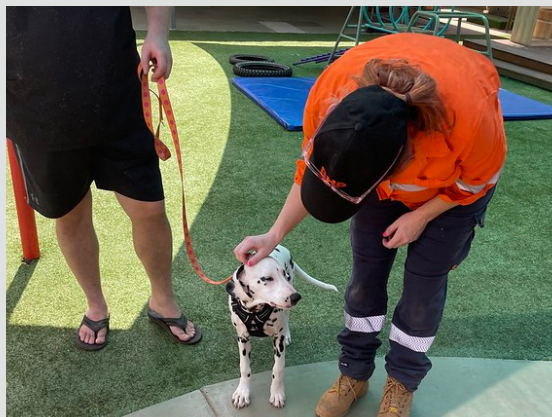

"Teamwork"

"Seeing the reaction of the workers"

"Team spirit"

"Seeing the bamboo privacy after the job is done"

"Transforming a lovely backyard into a warm inviting and engaging space to lay and collaborate"

MAKING A DIFFERENCE

Treloar Child Care is a community based not for profit centre. Located in South Hedland who offer long day care, after school and vacation care from 3 months to 12 years. The relationships built are secure, respectful and reciprocal. Every child enrolled is valued, nurtured and encouraged to be their true selves. The centre's environment easily allows free movement from indoors to out creating highly engaged and familiar open ended play experiences fostering curiosity, mathematical thinking, language and literacy development.

On Thursday 9th November, 12 committed volunteers from BHP spent their day at Treloar Daycare Centre in South Hedland . The main job of the day was to install bamboo fencing, which looked fantastic once it was complete.

The team were kept busy tidying the outdoor area, they used the blower vacuum to clear the leaves and also got some gardening done while they were there. The day was filled with laughter, and the team exhibited exceptional teamwork.

Treloar Daycare also had a couple of Dalmation dogs that came for a visit, which was a lovely end to a fantastic team day. The Daycare team were so grateful of the help and support they received.

Thank you BHP!
