## MIGHTY PACKERS AT TEACH LEARN GROW!

For many children, living in a rural or remote area of Australia means they will have significantly lower educational outcomes, which have a profound effect on their future. Teach Learn Grow (TLG) are committed to supporting Australian children experiencing disadvantages and improve their educational outcomes. They empower them to reach their full potential regardless of their background.

On Friday 10 November 2023, 12 volunteers from a variety of teams came together at the BHP offices to spend the day with the volunteers from Teach Learn Grow. After a detailed introduction from the TLG CEO Bridget, every volunteer was asked to introduce themselves and to think back to their schooling days with their favourite teacher. The team then split into 2 groups, one group's task was to ensure all of the first aid kits had the required elements, whilst the other group began to pack requested essential items into each schools boxes, including hand sanitiser and sunscreen. The teams powered through these tasks and the final step was to add the tutor t-shirts and other essential education items into each schools box. Once all the boxes were packed and the shirts added the team diligently packed all of the boxes and extra resources onto trolleys to be transported downstairs to the TLG Staff cars. This additional assistance was very much appreciated.

A big thank you to this incredible team of volunteers for dedicating their day to making a positive impact. TLG is truly grateful for your valuable time and support!
