

BHP

LENDING A HAND

The aim of the Newman Neighborhood Centre is to encourage the development of a sense of community and enhance the quality of life for families and individuals in Newman.

On Monday 30th October, 8 committed volunteers from the BHP MEM Team spent their morning volunteering their time at the Newman Neighborhood Centre. The main task of the day was to create an awesome Halloween atmosphere and the team sure did that by decorating the Neighborhood Centre. The team also assisted with a few busy bee and maintenance jobs around the centre.

The Newman Neighborhood Centre team were blown away with the effort the volunteers put in throughout the morning and loved sharing a delicious morning tea together.

A huge thank you to this hard working team for all your valuable time and support. We hope you enjoyed your volunteering experience.

Well done BHP!

Team Highlights

"Team working together in a fun and relaxed environment, supporting a local community group for event to be enjoyed by local kids"

"Sense of achievement"

"Working with my team mates to support the local community"

"Fixing the electric chair"
