## CARING FOR THE KIDS!

Newman Day Care Centre is a community based, not for profit, long day care centre which strives to create an environment where children feel safe, secure and supported. They pride themselves on providing a "Home Away from Home" feel.

On Wednesday 13th September, 13 dedicated BHP volunteers spent their morning volunteering their time at the Newman Daycare Centre. The eager team worked through a number of important jobs the daycare needed support, some of the jobs included sanding, vanishing and painting furniture, installing a shelf and hooks, assembling and maintaining various items in the centre, the volunteers also got creative and built the kids furniture out of old pallets.

The team also stopped for a yummy morning tea to recharge their batteries, so they were able to keep powering on and making the most of their exciting volunteering opportunity.

The Newman Daycare Centre were over the moon with the help they received and the hard work the volunteers displayed all morning. It was a fantastic day and the Daycare Centre have already requested another team day.

A massive thank you to the team for being dedicated to improving a facility that is so loved and utilised by the Newman Community, your contribution and support to this wonderful centre is greatly appreciated.

Thank you BHP!
