

BHP

STYLISTS & SORTERS

Dress for Success (DFS) Perth is part of a global movement of change, empowering women to obtain economic independence by providing them with work-appropriate attire, job support mentoring, access to career development workshops and a supportive network to enable them to move forward and achieve self-sufficiency through gainful employment. The organisation offers personal styling and suiting to help their clients get ready for jobs and also offer networking with a supportive and professional group of volunteer mentors passionate about empowering women.

On June 11, twelve eager volunteers from BHP's NPI Shutdown Logistics Team contributed their Friday morning to assist Dress for Success. The day started with a lovely introduction from Kelli Evans, who is the General Manager of Dress for Success Perth. After the introduction, Rae, one of the DFS' volunteers provided the team with a lists of tasks to do for the day. The team split into several groups, with each group allocated to either a specific garment. Some groups sorted clothes, one group sorted shoes and another group sorted jewelry. After morning tea, four team members had the opportunity to unlock their inner stylist. The team got very competitive as they styled the mannequins.

Dress for Success greatly appreciated the team's enthusiastic energy and amazing assistance. Well done BHP!
